Meet Child and Adolescent Behavioral Health’s Bill Anderson who is the school-based therapist at Whittier Elementary School in Massillon.

Bill, who graduated from Cazenovia Central High School in Cazenovia, N.Y., went on to earn his associate’s degree in agriculture from SUNY at Morrisville, N.Y. and his master’s degree in counseling at Ashland Theological Seminary.

Bill said the best part of his job is engaging with clients, seeing them make progress toward their goals and objectives.

Hobbies: bicycling, gardening, home maintenance and repairs
Favorite book: The Bible
Favorite movies: It’s A Wonderful Life and The Ultimate Gift

Child and Adolescent Behavioral Health’s (C&A’s) school-based consultation services include behavioral health screening and referral, crisis intervention, student social/emotional skill development and behavioral health and wellness education, community linkage and referrals, parent/guardian engagement/education, CARE team meetings and collaboration with school staff. When indicated, students may receive formal diagnostic and treatment services, provided at the school, by the school-based therapist.

- Students are referred to counseling by school staff and CARE teams to screen for mental health or substance issues
- Parents are asked to be engaged in the process
- C&A will assist with linking families to community resources as needed.
- C&A’s clinical staff collaborates closely with school staff to enhance a supportive social/emotional school environment
