Meet Child and Adolescent Behavioral Health’s Linda Clark who is the school-based therapist at Compton Learning Center in Canton City.

Linda, who graduated from Timken Senior High School, went on to earn her associate’s degree at Kent State-Stark, he bachelor’s degree in psychology at Kent State University and her master’s degree in mental health counseling at Walsh University.

Linda said the best part of her job is seeing clients reach their goals and improving their lives.

**Hobbies:** swimming, crafts, movies and music  
**Favorite book:** *A Handmaid’s Tale* by Margaret Atwood  
**Favorite movies:** *Deadpool 1 and 2*. I love comedies, anything with Mel Brooks and Marvel Cinematic Universe

Child and Adolescent Behavioral Health’s (C&A’s) school-based consultation services include behavioral health screening and referral, crisis intervention, student social/emotional skill development and behavioral health and wellness education, community linkage and referrals, parent/guardian engagement/education, CARE team meetings and collaboration with school staff. When indicated, students may receive formal diagnostic and treatment services, provided at the school, by the school-based therapist.

- Students are referred to counseling by school staff and CARE teams to screen for mental health or substance issues
- Parents are asked to be engaged in the process
- C&A will assist with linking families to community resources as needed.
- C&A’s clinical staff collaborates closely with school staff to enhance a supportive social/emotional school environment
