

Get to know your school-based therapist

Joshua Prince, MA, LPC

Meet Child and Adolescent Behavioral Health's Joshua Prince, who is the school-based therapist at Oakwood Middle School.

Joshua, who graduated from Louisville High School, went on to earn his bachelor's degree in psychology from Kent State University and his master's degree in clinical mental health counseling and human development from Walsh University.

Joshua said the best part of his job is, "helping people."

Hobbies: drawing and video games

Favorite book: *The Bible* and Christian self-help books

Favorite show: *Harry Potter and The Order of Phoenix*

Child and Adolescent Behavioral Health's (C&A's) school-based consultation services include behavioral health screening and referral, crisis intervention, student social/emotional skill development and behavioral health and wellness education, community linkage and referrals, parent/guardian engagement/education, CARE team meetings and collaboration with school staff. When indicated, students may receive formal diagnostic and treatment services, provided at the school, by the school-based therapist.

- Students are referred to counseling by school staff and CARE teams to screen for mental health or substance issues
- Parents are asked to be engaged in the process
- C&A will assist with linking families to community resources as needed.
- C&A's clinical staff collaborates closely with school staff to enhance a supportive social/emotional school environment
