Get to know your school-based therapist

## Margaret Evans, MSSA

---

Meet Child and Adolescent Behavioral Health's Margaret Evans who is the school-based therapist at Margaret Evans.

Margaret, who graduated from Massillon Washington High School, went on to earn her bachelor's and master's degree in clinical social work from Case Western Reserve University.

Margaret said the best part of her job is, "interacting with lots of different people."

**Hobbies:** reading

**Favorite book:** *Ember from the Sun*

**Favorite movies:** *The Wizard of Oz*

---

Child and Adolescent Behavioral Health's (C&A's) school-based consultation services include behavioral health screening and referral, crisis intervention, student social/emotional skill development and behavioral health and wellness education, community linkage and referrals, parent/guardian engagement/education, CARE team meetings and collaboration with school staff. When indicated, students may receive formal diagnostic and treatment services, provided at the school, by the school-based therapist.

- Students are referred to counseling by school staff and CARE teams to screen for mental health or substance issues
- Parents are asked to be engaged in the process
- C&A will assist with linking families to community resources as needed.
- C&A's clinical staff collaborates closely with school staff to enhance a supportive social/emotional school environment

Child & Adolescent  
Behavioral Health

Improving Lives Since 1976.
