Get to know your school-based therapist

## Kim Cernansky, MSSA, LISW-S

---

Meet Child and Adolescent Behavioral Health's Kim Cernansky who is the school-based therapist at Washington Elementary School.

Kim, who graduated from Lake Catholic High School, went on to earn her bachelor's degree in sociology and minored in psychology and business from the University of Mount Union and her master's degree in social administration from Case Western Reserve University.

Kim said the best part of her job is, "working collaboratively with staff and clients at my school and seeing the progress the kiddos make."

**Hobbies:** working out, going for walks, spending time with family and friends

**Favorite book:** *Love You Forever* by Robert Munsch

**Favorite movies:** Any Avenger/Superhero movie

---

Child and Adolescent Behavioral Health's (C&A's) school-based consultation services include behavioral health screening and referral, crisis intervention, student social/emotional skill development and behavioral health and wellness education, community linkage and referrals, parent/guardian engagement/education, CARE team meetings and collaboration with school staff. When indicated, students may receive formal diagnostic and treatment services, provided at the school, by the school-based therapist.

- Students are referred to counseling by school staff and CARE teams to screen for mental health or substance issues
- Parents are asked to be engaged in the process
- C&A will assist with linking families to community resources as needed.
- C&A's clinical staff collaborates closely with school staff to enhance a supportive social/emotional school environment

Child & Adolescent  
Behavioral Health

Improving Lives Since 1976.
