

Get to know your school-based therapist

Larissa Haring, MA, LPC, OCPC, ECMHC

Meet Child and Adolescent Behavioral Health's Larissa Haring, who is the school-based therapist at Portage Montessori in Canton City.

Larissa, who graduated from Massillon Washington High School, went on to earn her bachelor's degree in education, specific to mild/moderate disabilities from K-12 from Kent State University and her master's degree in clinical counseling from Malone University. An interesting fact is she attended Plain Center Elementary School, where Portage Montessori is currently located.

Larissa said the best part of her job is, "working with both children and their families to better understand each other."

Hobbies: working on home improvement projects, going to Cedar Point and traveling to warm climates

Favorite book: *No Matter What* by Debi Gilori

Favorite movies: *The Proposal, Mary Poppins and The Greatest Showman*

Child and Adolescent Behavioral Health's (C&A's) school-based consultation services include behavioral health screening and referral, crisis intervention, student social/emotional skill development and behavioral health and wellness education, community linkage and referrals, parent/guardian engagement/education, CARE team meetings and collaboration with school staff. When indicated, students may receive formal diagnostic and treatment services, provided at the school, by the school-based therapist.

- Students are referred to counseling by school staff and CARE teams to screen for mental health or substance issues
 - Parents are asked to be engaged in the process
 - C&A will assist with linking families to community resources as needed.
 - C&A's clinical staff collaborates closely with school staff to enhance a supportive social/emotional school environment
-
